

BALKAN STATES  
ATTACK TURKEYFour Hundred Men Killed in  
First Engagement.

BULGARIANS CROSSING LINE

War Minister Nazim Pasha Has Been Appointed Supreme Commander of the Turkish Forces—War Fever of the Populace at Constantinople Is Rising Rapidly and Fiery Speeches Are Made at Patriotic Meetings.

London, Oct. 4.—Hostilities between the Balkan states and Turkey have commenced, according to reports from many quarters. A dispatch to the Russian government says that the Bulgarians are crossing the frontier. An engagement has occurred south of Harmanli, a Bulgarian town thirty-seven miles north of Adrianople, according to a Constantinople dispatch to the Exchange Telegraph company. The casualty list is placed at 400 killed.

Military action has thus outstripped slower footed diplomacy, for no ultimatum has yet been presented to Turkey and in Constantinople none is expected until Monday. The port, however, has sent an official notification to the powers, which reads:

"In view of the manifestly aggressive attitude of the Balkan states Turkey reserves to itself full liberty of action, convinced that the civilized world will not fail to do justice to its moderate attitude. But this cannot exclude care for safeguarding its dignity and security as well as its rights." This, it would seem, is the port's way of preparing the world for the failure of the powers to stave off hostilities.

TURKS READY FOR CONFLICT

Final Preparations for War Made  
Amid Great Enthusiasm.

Constantinople, Oct. 4.—The war fever of the populace is rising rapidly. Many thousands of students and others formed processions and marched through the streets. Patriotic meetings were held and fiery speeches were delivered, clamoring for war. This outcry is based on the belief that the Balkan states are combining to drive the Turks out of Europe.

Abdullah Pasha, commander-in-chief of the Turkish forces in Albania, has been appointed to command the northern army to operate against Bulgaria and Servia. At Riza Pasha, ex-minister of war, will command the southern army against the Greeks.

NAZIM PASHA IN COMMAND

War Minister Will Direct the Turkish  
Campaign.

Constantinople, Oct. 4.—The war minister, Nazim Pasha, has been appointed supreme commander of the Turkish forces.

Reliable information reached here that the Balkan ultimatum demanding autonomy for Macedonia will be delivered Monday. In view of the gravity of the crisis the government contemplates adding to the cabinet two or three members without portfolio.

Persistent rumors are current that hostilities have commenced on the Bulgarian frontier north of Kirk-Kiliseh, but the port declares it is without news on this subject.

STATE WILL BRING ACTION

Suits to Be Begun Against Minneapolis  
Milk Dealers.

Minneapolis, Oct. 4.—Following a lengthy conference with County Attorney James Robertson Attorney General Lyndon A. Smith declared that civil action will be brought against the Minneapolis milk dealers arrested Tuesday and Wednesday on charges of violating state laws prohibiting restraint of trade and combining to fix prices. This action will seek the revocation of their charters and ask that they be prohibited from continuing business in Minnesota.

Legislature Elects Governor.

Montpelier, Vt., Oct. 4.—There has been no choice at the state election last month the state legislature elected M. Fletcher of Cavendish, a Republican, as governor. This is the second time in the history of Vermont that a choice of governor has gone to the legislature.

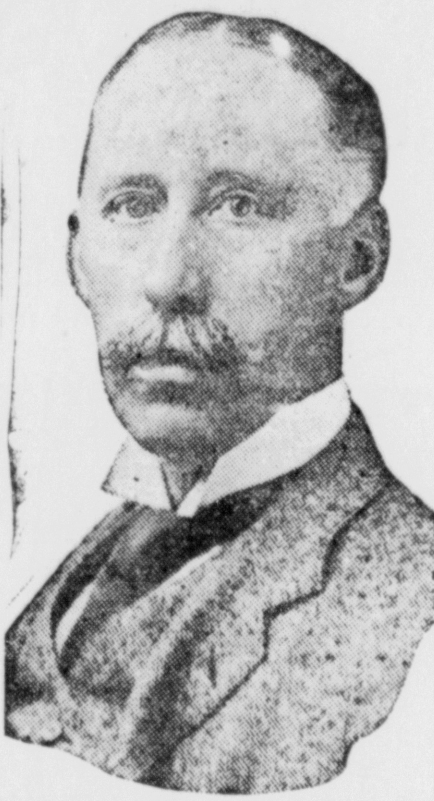

FALLS TWO THOUSAND FEET

Practically Every Bone in Aviator's  
Body Is Broken.

Trenton, N. J., Oct. 4.—Aviator Charles F. Walsh was killed instantly at the Interstate Fair grounds here when he attempted a spiral descent from a height of 2,000 feet. Practically every bone in his body was broken and his face and body were severely cut. His biplane was wrecked.

Walsh had been giving exhibitions at the fair all week and this year, for the first time, was doing fancy "stunts" with his machine. He was very high, probably 5,000 feet, as he began his descent. The machine soon got out of order and dashed to the earth.

ANOTHER ROOSEVELT TOUR

Colonel Will Be in Wisconsin and  
Minnesota Oct. 10 and 11.

New York, Oct. 4.—Plans for the remainder of Colonel Roosevelt's campaign were mapped out at a dinner of Progressive leaders here. Colonel Roosevelt came in from Oyster Bay and met George W. Perkins, William H. Hotchkiss, Progressive state chairman; Comptroller William A. Prendergast of New York, Frank A. Munsey and Treasurer Hooker of the Progressive national committee.

Colonel Roosevelt left for Washington accompanied by William Loeb, Jr. to testify before the Clapp investigating committee. He will return to Oyster Bay to remain there until Monday, when he leaves for a campaign tour of eighteen days through the Middle West. He will be in Wisconsin on Oct. 10 and in Minnesota Oct. 11.

EIGHT PERSONS ARE  
KILLED IN WRECKEntire Train Leaves Track While  
Going at High Speed.

Westport, Conn., Oct. 4.—Eight persons, five of them women, were killed when the Springfield express, second section, running from Hartford to New York over the New York, New Haven and Hartford railroad, was wrecked west of this station. Many others were injured.

The entire train left the rails. Fire started almost immediately in four of the coaches and for hours it was believed that a large number of injured passengers still were under the burning debris.

The train was running at high speed. The engine failed to take a crossover switch west of the station and dragged the cars from the rails. The engine plunged into a ditch beside the track and four sleeping cars, the mail and baggage car were piled up in a mass of wreckage.

Fire started in the first sleeping car and spread swiftly to the others. Passengers in the second, third and fourth sleepers scrambled out of them scantily attired, but those in the first car had little opportunity to escape.

FAST TRAIN STRIKES AUTO

Four Persons Are Killed and Five  
Others Injured.

Pittsburg, Oct. 4.—Four persons were killed and five injured, two probably mortally, when a fast express train on the Pennsylvania railroad struck an automobile at a grade crossing at Wilkinsburg, a suburb. The dead are: Rev. W. L. Nicholson, pastor of Wilmerding First Presbyterian church, and his five-year-old son, Charles; John W. Beck and Mrs. Sarah Sarveria, aged seventeen.

The first three victims were occupants of the machine. Mrs. Sarveria, however, was struck by the flying automobile while standing on the station platform. All the injured, except Mrs. Beck, an occupant of the automobile, were waiting for a train.

SKELETON REVEALS TRAGEDY

Bones of Irrigation Employee Found  
at Foot of Cliff.

Billings, Mont., Oct. 4.—Lying at the foot of a high cliff on the bank of the Yellowstone river about a mile from Huntley a skeleton was found by hunters. It was evident the man had fallen from the top of the cliff, which is about 100 feet high, as the skull was crushed and the ribs were broken.

Shreds of clothing were still hanging on the skeleton and a receipt from an employment office in Billings, found in the pocket, bore the name C. B. Stewart and the date May 30. A man of that name obtained a job on the date mentioned with an irrigation company. Nothing further is known of the man, who was a stranger.

STILL TALKING  
OF A DEADLOCKFears That Election Will Be  
Thrown Into Congress.

THE PRESENT HOUSE IS A TIE

Senate Also May Be Tied—An Unprecedented Situation Containing Possibilities of Trouble—Taft Supporters Eager For Crumbs of Comfort—Cuban Patriots and the Treasury.

By ARTHUR W. DUNN.

Washington, Oct. 4.—[Special.]—Should any man enter a crowd where there is a political discussion going on and spin a story to the effect that Taft can be re-elected and follow it up with reasoning along the same line his remarks are joyously received by the president's ardent supporters.

"I hope you are right," is the comment, but there can be detected a faint incredulity in the tone, which shows that after all everybody is in doubt. Well, no, not exactly that, for there are mighty few Wilson supporters who are not absolutely sure that he is going to be elected. Getting down to the fine points and using the best opinion that good judgment and experience can give it may be said that there is still a good political race for a month yet. Notwithstanding the betting odds there is chance for many things to happen.

Expecting a Deadlock.

It is rather surprising to find how many people are looking for a deadlock in the electoral college. It is figured out that none of the candidates will receive a majority, and the election will then go to the house for another deadlock and to the senate for another possible deadlock. It would certainly be a strange outcome, and if it should happen there will be a mighty sight more political speculation after the election than before.

The "Root of Evil."

The want of money in Cuba is making trouble for our officials. Cuba wants money, and if Cuba does not get money there will be another revolution. Curiously enough, the people of Cuba or those who are more important in the island think the government should support them. This is especially true of those men who formed the "army of liberation." They were paid large sums as a reward for their services, and they have been constantly coming back for more.

The reckless manner in which the hundreds of millions of Cuban money have been spent is what makes the trouble now. There is no more money, and there is no way to get it. If it is obtained it will be poured out to those who show a disposition to lead a revolution, and after a time there will be another revolution by those who have not been satisfied. The old idea of Spain prevails in every one of the southern republics—get whatever is possible out of the government; make the government support you instead of your supporting the government.

Burleson or Wiley.

There are people who think that Dr. Wiley expects to be secretary of agriculture in case Governor Wilson is elected. Others who have a pretty good idea of conditions expect to see Congressman Albert Burleson of Texas as appointed. Burleson was early in the field for Wilson, was one of the inside managers at Baltimore and has been active in New York headquarters.

John Wesley Gaines Vindicated.

The establishment of money laundries in subtreasuries, in national banks and in other big business institutions of the country is a vindication for John Wesley Gaines, who was once a picturesque member of congress from Tennessee. Gaines fought at all times for clean money. He never secured any legislation, but he kept the matter agitated, and now, without legislation, but as a result of a clever invention, the money is being cleaned with good results.

Salaries of Congressional Clerks.  
If congress should turn around and investigate itself wouldn't it be funny? That is what Congressman Bartlett of Georgia proposes shall be done in regard to the salaries paid to congressional clerks. For nearly twenty years the members of the house have been drawing \$12,000 or \$15,000 a year each for clerk hire. The clerks did not go on the rolls, but were paid by the members. Bartlett proposes to find out to whom that money has been paid by members. That would make a mighty interesting investigation. It appears that there are doubts whether most of the members employ clerks and pay out the money.

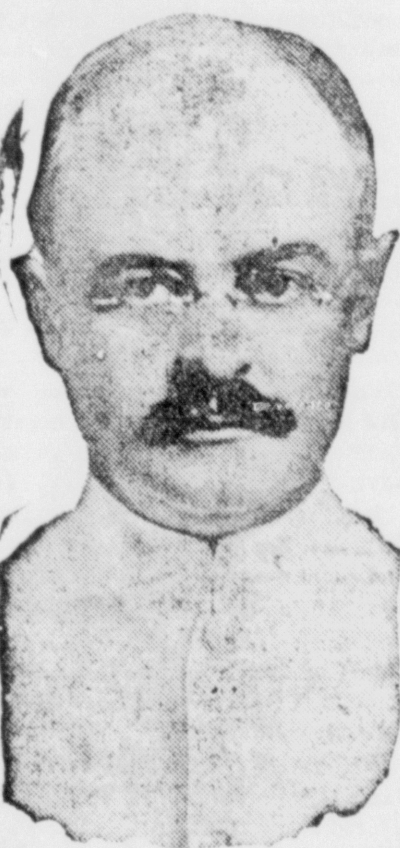

A Fall Attraction.  
The dull season in Washington has been broken by the greatest attraction now on the circuit. The appearance of Colonel Roosevelt in Washington was a real event. He made things quite interesting too. But isn't it quite a wonderful thing for an ex-president and a presidential candidate in the midst of his political campaign to appear before a congressional investigating committee?

It could not happen with any other man than Roosevelt. He is the only man that a good many things could happen to, which shows his remarkable versatility.

POSSE OF CITIZENS  
CAPTURES MURDERERJealous Servian Shoots Woman  
at South St. Paul.

St. Paul, Oct. 4.—After stealthily sneaking through the lines which the police of South St. Paul, reinforced by squads from nearby villages and from St. Paul, had drawn tightly around him by the quickest action after the murder of Mrs. Anna Blazich of South St. Paul, the man, who has been identified by at least four persons as the perpetrator of the crime, was caught on the east bank of the Mississippi river at Taver Grove bridge.

Ivan Wiskie, a Servian from Gary, Ind., is said to be the name of the man who has been trailing Mrs. Blazich and her husband ever since last Christmas and who apparently succeeded in locating the two in South St. Paul only by the news of their wedding Sept. 27.

The news of weddings travels fast by the underground wireless among the American Servians and within five days the jealous lover had reached South St. Paul and accomplished what, from his subsequent carelessness, must have been the one purpose in his life—the death of the woman who had deserted him.

The capture was effected by five South St. Paul citizens, who had been sworn in by the sheriff a few minutes after the crime was committed.

PINCHOT HAMMERS WILSON

Former Forester Says Little About  
Taft in Speech.

Aberdeen, S. D., Oct. 4.—To a crowd of from 250 to 300 people Gifford Pinchot, former chief forester, talked in favor of the candidacy of Roosevelt for president. He confined his remarks almost wholly to a discussion of Roosevelt's candidacy and opposing the candidacy of Wilson, mentioning Taft but once.

He reviewed the fight for conservation of resources and insisted it would be dangerous to entrust both legislative branches and presidency to Democrats because the legislation of the last congress showed plainly the Democrats were not interested in reciprocity, while the states rights policy of the party tended toward letting the great natural resources of the country get into the hands of the capitalists.

Hadley to Support Taft.

Jefferson City, Mo., Oct. 4.—Governor or Herbert S. Hadley, at a Republican state rally here, said that he had assurances that President Taft would support the reforms Hadley outlined Sept. 29 in St. Louis and declared he would support the Republican ticket.

Chicago, Oct. 4.—President Taft either must appear for trial or pay a \$25 fine, otherwise he will be expelled as honorary member of the Chicago local of the Bricklayers' union for laying the cornerstone of the Boston Y. M. C. A. building in course of erection by nonunion laborers.

This was announced by officials of the local union, who added that President Taft shortly will be notified to appear.

Norwich, Conn., Oct. 4.—The attitude of Colonel Roosevelt "is that of a man without whom civilization cannot longer survive," said Governor Marshall of Indiana here in a speech devoted almost wholly to an attack upon the Progressive presidential candidate. "If he should break a leg or lose his voice, would that damned crook, Judge Anderson, be compelled to appoint a receiver for our liberties?" continued the Democratic nominee for vice president.

DYNAMITE TRIAL IS ON

Jury Complete and Prosecutor Begins  
Outlining Case.

Indianapolis, Oct. 4.—Not only evidence of the alleged illegal interstate shipments of dynamite and nitroglycerin, but also evidence as to what was done with the explosives will be admitted at the trial of the forty-six men accused of complicity in the so called dynamite conspiracy.

Federal Judge Albert B. Anderson so ruled. His decision, thus opening to the prosecution the right to show a motive by going into the details of many explosions, including that which wrecked the Los Angeles Times Oct. 1, 1910, followed the impaneling of a jury and severe arraignment of the defendants in the opening statement by District Attorney Charles W. Miller.

MORGAN WILLING WITNESS

Financier Appears Before Campaign

Washington, Oct. 4.—J. Pierpont Morgan proved a willing witness before the Clapp committee investigating campaign expenditures and testified he had given \$150,000 to the Republican campaign in 1904 and \$20,000 to the Republican campaign in 1908.

In an hour's questioning Mr. Morgan denied emphatically the charge by Charles Edward Russell of New York that President Roosevelt had once telephoned for a campaign contribution, declared he never had any communication with Colonel Roosevelt and asserted that he knew of no conferences among financial men in 1904 or 1908 to agree on supporting Republican or Democratic presidential candidates.

Calls Roosevelt Incompetent and  
Taft Little Better.

ADDRESS AT INDIANAPOLIS

Democratic Presidential Nominee As-  
serts That the Very Things People  
Are Protesting Against and the Con-  
ditions They Are Trying to Alter  
Were Created Under the Two Lead-  
ers of the Two Branches of the Re-  
publican Party.

Indianapolis, Oct. 4.—For the first time during the national campaign Governor Woodrow Wilson directed an extended attack on the administration of President Taft and former President Roosevelt. The governor charged that Colonel Roosevelt as president had been found incompetent. Mr. Taft, he said, on the other hand, had failed to alter the policies inaugurated under President Roosevelt's administration "when trusts and monopolies grew upon a scale never before dreamed of."

In the picturesque illumination of a baseball park the governor saw spread before him for several hundred feet in the bleachers and on the field an immense throng. The governor launched immediately into his attack on his two opponents.

"What I want to call your attention to," said the governor, "is that the new third party has not drawn to itself the full strength, or even all of the principal leaders of the insurgent Republicans, because this circumstance appeals to every man who thinks the present situation over; the very things that we are protesting against, the very conditions that we are trying to alter are conditions which were created under the two leaders of the two branches of the pressed Republican party, because it is true that these conditions were just as much created under Mr. Roosevelt as they have been created under Mr. Taft."

"There was a growth during his administration of the great monopolies, which we call trusts, upon a scale never before dreamed of and upon a greater scale than has been characteristic of the administration of his successor."

Democrats Believed Both.

"Some time ago during the campaign which preceded the two Republican political conventions you remember that there was a very interesting campaign between Mr. Taft and Mr. Roosevelt and everything that anybody could say against Mr. Taft Mr. Roosevelt said, and everything that anybody could say against Mr. Roosevelt Mr. Taft said, and the Democrats were inclined to believe both of them, for the truth was that Mr. Taft was merely the successor of Mr. Roosevelt in the prosecution of policies which Mr. Taft did not alter and merely sought to confirm and establish."

"You have, therefore, this extraordinary spectacle of two branches of the Republican party, both of them led by men clearly responsible for the very conditions which we are seeking to alter; and the reason that some of the insurgent Republicans are not following Mr. Roosevelt, the reason that men like Mr. La Follette, for example, are not following Mr. Roosevelt, is that they already have testified Mr. Roosevelt when he was president and have found that he was not willing to co-operate with them along any line that would be efficient in the checking of the evils of which we complain. "So that the leader of the very movement which is proposed for our emancipation is a man who has been tried in this very matter and not found either willing or competent to accomplish the objects that we now seek."

20,000,000 PESOS WAR FUND

Mexican Chamber of Deputies Au-  
thorizes Floating of Loan.

Mexico City, Oct. 4.—The chamber of deputies voted to authorize the president to float a loan of 20,000,000 pesos as a new war fund. That the senate will approve this step there is no doubt.

The scene in the chamber during the last hour of the session was one of great disorder. Bitter criticism of the government's failure to suppress the revolution characterized the debate, which lasted several hours. The measure left the deputies the alternative of authorizing a loan or making an appropriation.

Aeronaut and Boy Killed.

Teumbia, Ala., Oct. 4.—A dangling rope from a balloon caught the leg of Lorenzo Howland, fifteen years of age, as it ascended manned by H. C. Petty who was making his first flight here. The boy hung on until 500 feet up when both fell to their death with an unopened parachute.

Dillon Thrown From Dogcart.

Wineford, Ireland, Oct. 4.—John Dillon, the Irish member of parliament, was thrown from a dogcart and injured in the head while visiting his constituency in the county of Mayo. An examination disclosed that Mr. Dillon's injuries were not serious. They will, however, prevent his attendance at the reopening of parliament Oct. 7.

## OLDEST ENGINEER GONE TO REWARD

Edward O'Neill, Sr., Formerly of  
Brainerd, Was Oldest Engineer  
on Yellowstone Division

**SIGNAL HONORS PAID HIM**  
At Hour of Burial Every Engine of  
Division Stopped and Did Not  
Move for 5 Minutes

With the passing this week to his final rest of Edward O'Neill, Sr., the oldest engineer in the service of the Yellowstone Division has laid down the burdens of life. Says the "Yellowstone Monitor" of Glendive, Mont., of September 19th.

Brainerd railway men and others were well acquainted with the deceased. He commenced firing on the Northern Pacific railway in the spring of 1872 and fired for the old time engineers, Pat Carney, Adam Brown, James Gardner and Tim Brady. He was promoted to switch engineer in the Brainerd yards in 1876 and was transferred to the Yellowstone division by A. P. Farrar, then superintendent of machinery at Brainerd. He was well and favorably known by the old timers of Brainerd who are sorry to hear of his death.

His demise, says the "Yellowstone Monitor," occurred early Thursday morning, September 19th, after a

lingering illness which had confined him to his home for the greater part of several years. The funeral was held at ten o'clock Saturday morning from St. Julian's Catholic church. Mr. O'Neill was an esteemed member of the Brotherhood of Locomotive Engineers. As a citizen, the deceased was universally loved and honored.

Edward O'Neill was born at Avoca, county of Wicklow, Ireland, on March 25th, 1856. He came to America in 1868, locating in Wisconsin. Almost constantly since then he had been employed in railway service. In 1881 he came to Glendive and had resided here almost continuously ever since. At Erin, Wis., in 1882, Mr. O'Neill married Miss Hagan. He is survived by his widow and three sons, John, Edward, Jr., and Desmond. All were here at the time of death.

On account of Mr. O'Neill's death the following train order was issued by Supt. Lantry. This is the first time on the system that such a signal distinction has been granted a deceased person, except upon the burial of President McKinley.

Glendive, Mont., Sept. 19, 1912. All Engineers, Yardmasters, Conductors and Round House Foremen: Ed. O'Neill, the oldest engineer in years of service on the Yellowstone Division will be buried at Glendive, at ten o'clock Saturday morning, at which hour every engine on the division will stop and not move for five minutes. This is to show our love and respect for a loving brother and faithful employee.

T. H. LANTRY, Supt.

## MUSICAL CLUB TO OPEN SEASON

**MISS MAUD G. SMALLEY SOLOIST**  
Mrs. Henry I. Cohen Has Arranged a Most Attractive President's Day Program

The Brainerd Musical club will open the season of 1912-13 at Elks hall Saturday, October 5th, at three o'clock, under most auspicious conditions. A most interesting series of fortnightly meetings has been planned by the program committee, and the added strength of forty new members makes the year's prospect very promising.

The club extends cordial welcome to the new members and an invitation to the new teachers in the city schools, to attend the open meeting on Saturday.

Mrs. Henry I. Cohen, whose resignation, last spring was not accepted by the club, has been prevailed upon to assume, again, the duties of president, and has arranged a most attractive "President's Day" program. The musical numbers will be songs, by a new member of the club, Miss Maude Girault Smalley, formerly of St. Paul and Chicago, where she is most favorably known in musical circles. Last year the "Milwaukee Evening Wisconsin" made the following comment upon her work in recital: "Miss Smalley has a beautiful mezzo-soprano voice of great range; moreover, she possesses a pleasing personality; which is no small asset in making of a successful artist. The critic also spoke of her simple directness of expression, dignified and sincere."

## RAILROADS PROSPERING

Railroads in Minnesota Earn Double the Cost of Running Them During the Past Year

**FIGURES ON M. & I. RAILWAY**

The Iowa Central Road, With No Mileage, is the Only One That Has Lost

Seven railroads filing reports with the state board of railroad and warehouse commissioners showed that their operations in Minnesota during the past year have given them total net earnings of 10 per cent or better over their operating expenses.

The Minnesota & International railway has a mileage of 193 miles. Its operating revenue was \$849,455.16 and its operating expenses were \$550,22.83.

The only one showing a loss was the Iowa Central which had no mileage in this state but operates in connection with the Minneapolis & St. Louis. The expenses and earnings reported by this road refer to its share of interstate business.

## MOTHER! WATCH THE CHILDREN'S BOWELS

If Cross, Sick, Feverish, Bilious or Tongue is Coated Give Delicious "Syrup of Figs"

No matter what ails your child, a gentle, thorough laxative physic should always be the first treatment given.

If your child isn't feeling well; resting nicely; eating regularly and acting naturally it is a sure sign that its little stomach, liver and 30 feet of bowels are filled with foul, constipated waste matter and need a gentle, thorough cleansing at once.

When cross, irritable, feverish, stomach sour, breath bad or your little one has stomach-ache, diarrhoea, sore throat, full of cold, tongue coated; give a teaspoonful of Syrup of Figs and in a few hours all the clogged up waste, undigested food and sour bile will gently move on and out of its little bowels without nausea, griping or weakness, and you will surely have a well, happy and smiling child again shortly.

With Syrup of Figs you are not drugging your children, being composed entirely of luscious figs, senna and aromatics it cannot be harmful, besides they dearly love its delicious fig taste.

Mothers should always keep Syrup of Figs handy. It is the only stomach, liver and bowel cleanser and regulator needed—a little given today will save a sick child tomorrow.

Full directions for children of all ages and for grown-ups plainly printed on the package.

Ask your druggists for the full name, "Syrup of Figs and Elixir of Senna," prepared by the California Fig Syrup Co. This is the delicious, genuine old reliable. Refuse anything else offered.—Advt.
